Dear Jerry:

We were pleased to hear of your interest in Oxford House. Enclosed you will find an Oxford House Manual which explains how our system works and some other literature which gives more of the background and system of operation.

We are very interested in getting a house started in New Jersey in the next couple of months. Paul Molloy and I will be in New Brunswick within the next few weeks. Please drop me a note with your telephone number. If possible, we would like to drop by for a visit and tell you more about Oxford House. My telephone is (301) 933-6251. Call anytime if you want further information.

Sincerely yours,

John V. O'Neill
